School Re-opening Plan 2020-2021

Developed and Adopted - July 2020
SUA Advisory Board
SUA Administrative Team
SUA Faculty and Staff
Re-Opening Plan: The Process

Success Unlimited Academy has adopted a school re-opening plan following the approval of the Advisory Board. Our plan is flexible, straight-forward, and is crystal clear that our number one priority is the health and safety of our administration, faculty, staff and our SUA families. Preparing our school facilities and campus, including cleaning and sanitizing has been completed and is ready for the return to campus now. We understand and recognize that all students may not return at that time. Our administrative team developed and will implement three different re-opening scenarios, depending on guidelines from the Alabama Department of Public Health and other governing agencies.

With input and sound advise from creditable resources, SUA has been able to complete the mandatory procedures to ensure the safe return of students to the SUA campus for Fall 2020.

YES

The State of Alabama has lifted the school closure mandate.

NO

REMOTE LEARNING

• Model will be used in the event that school is closed as required by governing officials.
• Students complete their academic courses with support being offered by Success Unlimited Academy faculty.

YES

Parent’s Choice for one of three options

ON CAMPUS LEARNING

• Students begin 2020-2021 academic year on campus, with the expectation that specific health and safety procedures will be required.
• Monday through Thursday will be on campus, and Friday work will be through a virtual platform.
• In the event state or local authorities close schools or initiate a stay-at-home order, students will transition to remote learning.

REMOTE LEARNING (Distance School)

• Learning model is particularly designed for the self-motivated student
• Faculty guided
• Student is off-site (Home)
• Lesson plans provided
• Scheduled weekly check-in

HYBRID LEARNING (Night School)

• 2 days on-site | Tuesday & Thursday
• 3 days off-site | Monday-Wednesday-Friday
• Faculty guided
• Structure is a combination of both remote and on-site learning
• Flexible lesson plans provided

** If a student tests positive for COVID-19, the student will be reassigned to Remote Learning until they receive a negative test.
ON-CAMPUS LEARNING  (Option 1)

Success Unlimited Academy has prepared for on campus school operations to resume in the fall of 2020. SUA will follow health precautions which will be in accordance with the local, state, and federal requirements. Specific decisions and plans regarding our campus modifications will be finalized prior to the fall start date of August 12, 2020.

The standard drop-off and pick-up times may change depending on requirements to enter school safely (i.e. temperature checks, social distancing when entering building, etc.)

Athletic offerings and activities will be determined by AISA recommendations and requirements, and also by student interest for participation.

After school enrichment and extended day programming may be offered for students in K - 6. (TBD)

Interruptions

Following the recommendations of reliable resources, SUA has prepared for alternative modes of education. In the event our community experiences a spike in COVID-19 cases and governing bodies deem it appropriate, a shift to remote learning will happen immediately.
REMOTE LEARNING
(DISTANCE EDUCATION - Option 2)

In the event that governing officials deem it appropriate, SUA must transition entirely to remote learning. We will use survey data, faculty/administrative input, and successful options from Spring 2020 to formulate the best delivery to our students.

Platforms will be determined based on grade level/subject appropriateness to focus on essential standards content from Alabama Course of Study.

Remote learning at Success Unlimited Academy will require students to complete their courses remotely with support being provided by SUA teachers.

The SUA administration is considering the following based on:

• Consistency in grade level instruction

• Manageable and meaningful instruction for teachers and students based on essential standards/course of study

• Teacher support of life skills for independence and social emotional needs

• Utilization of common platforms and tools

• Foundations of Christian principles in support of the school's mission

• PLP's will continue to be followed for those students in need of these services. Students will meet regularly with their teacher for virtual check-ins.

• Textbooks, packets, and online instruction will be provided by SUA teachers.
HYBRID LEARNING
(NIGHT SCHOOL - Option 3)

- 2 days on-site | Tuesday & Thursday
- 3 days off-site | Monday-Wednesday-Friday
- Faculty guided
- Structure is a combination of both remote and on-site learning
- Lesson plans provided

ON-SITE - 2 DAYS
SCHOOL

OFF-SITE - 3 DAYS
HOME

HYBRID
SUCCESS!
